

## What do I do if I miss a dose for more than 3 days?

Sunday

Take your next dose on your usual day: this means you have skipped a week and you will need to continue the medication for an **additional week**

**OR**

Same Day

Start your new weekly schedule on the day you remembered you forgot your medication i.e. if you were on a Sunday and only remembered Thursday, you can take it on Thursday and make Thursday your new day to take 3HP for the rest of the treatment

If you are unsure about when to take your medication, please ask your healthcare worker immediately
